Boda would be valuable asset on City Council

I am writing this letter of recommendation on behalf of Muir Boda for Salisbury City Council, as I know him to be an exceptional leader of character and ethics.

As Boda's pastor, I have observed qualities in him that would make him a valuable asset to any community, organization or team. He has a thirst for lifelong learning; I have found this to be a great mark of humility in a person.

Boda also possesses a high level of empathy, which he exercises through service to his church and community. He is mature both emotionally and spiritually.

Contact me at 410-742-4424; I would be happy to further discuss Boda's qualifications for office.
